**NON-ENTITLEMENT CDBG JURISDICTIONS CENSUS and AMERICAN COMMUNITY SURVEY (ACS) DATA FOR NEED SCORING**

All data below is from the American Community Survey Data 5-Year Summary File and some of the data is compiled by the California Department of Finance for HCD. The 5-Year file is updated annually, so it is a 5-Year rolling sample. It is to be used in the Need category for CDBG applications that include a Housing Rehabilitation, Homeownership Assistance, Housing Acquisition, or Public Improvements in Support of Housing New Construction activity. Applicants are not required to submit back-up documentation of this Census data, unless they are completing the Supplemental Information section and providing information that is more recent than the 5-Year data file being used.
